VII. **New Business**

A. Covid-19 update. As of today 470 cases in Boone County. The positivity rate is 8% which has not moved in the last 3 days. The 8<sup>th</sup> grade Boone class is going hybrid. The Ogden high school and middle school is going hybrid for the next two weeks. Madrid 6<sup>th</sup> grade is out but will be coming back to in person due to teachers testing positive. The Madrid volleyball team is in a two week hiatus as of today. All of Madrid's volleyball coaches are positive. Parents are attempting to have their kids be "exempt" from wearing mask. As far as public health is concerned serology antibody test does not have any say if your child is "exempt". The walk in clinic is quite busy as of 10:30 am they have seen 30 people. The CDC is

recommending that everyone get there flu shot early this year adults that don't have insurance the public health department will be able to get the flu vaccine through the state and hopefully get the individuals there vaccine. The covid vaccine will be coming in waves and right now they are wanting us to report the number of cases in long-term care facilities and workers.

## **VIII. Department Update**

A. Public Health Department Report.

B. Health and Sanitation Department Report: 1152 198<sup>th</sup> Rd. Boone, IA 50036 property in Logan's port which is owned by Bobby G Kenoyer and Reginald Stuhldryer L Sr. and has been an ongoing nuisance in the county for many years. Just recently the health and sanitation department went to court with Bobby G Kenoyer and won which resulted in in him being fined \$500 and paying \$60 in court cost. Reginald Stuhldryer is set fort court later this month. The county attorney and I are planning to see about condemning the property if the property remains the same after both Bobby G Kenoyer and Reginald Stuhldryer L Sr. have gone to court. Early this morning I was notified that Northern Natural Gas Co at 608 210th St, Ogden, IA 50212 was found to be discharging untreated sewage into a nearby stream. The DNR was able to track it down to this facility and has notified them to fix it. The only dilemma at this facility is that it's a no dig zone as they have restrictions on what they can can't do as they are a natural gas company. Once I hear more I will report it back to the board. End or report.

## **IX. Adjournment**

Dr. Mehlhaus entertained a motion to adjourn. Steven Duffy moved, 2<sup>nd</sup> by Kriss Haglund to adjourn the meeting at 7:16 pm. Motion carried

**Next meeting will be November 16<sup>th</sup>, 2020 @ 5:30p.m. At the Boone County Hospital: 4<sup>th</sup> floor Board Room.**
